

WHAT IF..

NO ONE answered the call?

What if you called to report a fire or a medical emergency and no one answered the call?

Did you know that nearly 80% of the fire service in the United States is Volunteer?

Support your local Emergency Departments - BECOME A VOLUNTEER!

No Experience Needed - FULL Training

On the reverse side is a list of your local firehouses for the township you reside in - **JOIN OUR FAMILY!**

The Fire Departments listed here are staffed by volunteer members. Most departments DO NOT have daily office hours. Members and officers can usually be reached in the evenings, especially on meeting or drill nights, at their respective fire houses. In addition, some stations have answering machines or other devices available 24-hours a day, or part time personnel who staff their respective offices on a random basis. Please DO NOT call the 9-1-1 center for information on fire department sponsored events or events being held at the firehouses. Please call the respective agency directly, at the numbers listed below.

Station #/Call Sign	Local Fire Departments
